Dear beloved whom have had the fire

"The fire shall ever be burning upon the altar; it shall never go out" (Lev. 6:13). Applying this to all who have had the fire placed inside, the altar is our desire, the sacrifice is our heart!!!! We who had the Lord place a fire in our hearts for His will upon our lives know the unquenchable desire to see souls saved, come unto the knowledge of the truth and go on to disciple others to further the kingdom of God. Some would say all fires go out eventually, but God is eternal and His fire in you should, according to the verse, NEVER go out!!! Oh my!!!! Oh but!!! Save it for the judgment seat! The economy is not mightier than our God, the Lord Jesus Christ. Are we stuck in Gen. 3?

A saying long ago was; do not let the situation control you, you must control the situation. Unless your dead, all things are still possible in Christ Jesus. Here in Zambia the economic problems are as real as in the U.S. I might say that because we have trusted the Lord to provide and we are very much used to living according to His provisions. It is a blessing to know He is concerned about us, I mean all of us.

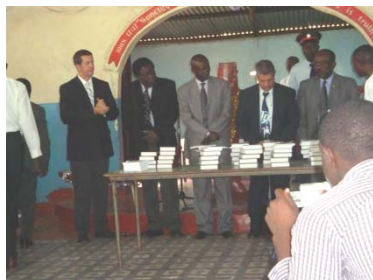

The rainy season lasted much longer than usual this year. It rained in May when it normally stops in late March or early April. Here in the West were floods and thousands were homeless, drowned and stranded.

Here are some pictures showing you all the work of God is very much alive here. We are so blessed to be here in your place as your account is compiling interest almost daily in heaven. You should be hearing,

"Thank you for giving to the Lord, I am a soul that was saved"!!!! Hallelujah to the Lamb!!!

Here are a few pictures where bush pastors received certificates. There were 45 altogether and some were ordained!!

I am seated with the Permanent Secretary for the Copperbelt, standing with Kevin, the Mayor of Masaiti and Chairman of Kafulafuta Baptist Mission Society.

The students of Northstar Bible Institute along with staff go out on Wednesdays to clean, slash grass, trim bushes, what ever needs to be done at hospitals, police stations, clinics, the leper colony etc..

Here is one of me preaching in a bush church were 7 women were led to the Lord by Lorna, my wife.

This is one of my favorite times here. The ladies at the Resurrection Conference Sunday, early morning, dress as the women who brought the message of Christ resurrection to all the nearby villages.

At about 05:30 they come singing He has risen, He has risen. You can see Lorna standing while I take the picture as we sing with them and pray with joy for His resurrection from the grave!!!! You won't find that in the U.S. Their joy and hope is real, after all that is all they have!!! More than likely that should be all we have or at least desire.

All of you have stayed the course and kept us on the field 14 years. How can we thank you? What words would fit? May the Lord bless you all for your prayers and support for this work of God.

Your Missionaries, *The Sarras*
